

# KT-IDC35s

USB Camera KT-IDC35s

## Product Overview

The KT-IDC35s camera is designed for efficient text extraction and recognition in documents.

With USB 2.0 High-Speed connectivity and a low power consumption of DC 5V at 200mW, it ensures reliable performance in various environments. Key features include support for Auto Focus (AF), Auto Exposure Control (AEC), Auto Exposure Bracketing (AEB), and Automatic Gain Control (AGC), making it ideal for capturing images as input for OCR system.

## Configuration

-  Light sensitivity 0.65V/lux-sec@550nm
-  Camera resolution 2560 x 1440
-  Dynamic range 72.5 dB
-  Focal length 3.2mm, F2.8, FOV: 75 degrees

## Features

-  USB 2.0 High Speed, DC 5V 200mW
-  Support AF, AEC, AEB, AGC
-  Operating temperature -20 to 70 degrees C
